

# mAssetTag – Mobile Asset Tracking and Management

SAP® Certified Mobile App – developed on an SAP Cloud Platform, works on SAP ECC and S/4HANA

## Accurately Track, Monitor and Reconcile Fixed Assets

Innovapptive's mAssetTag delivers greater control and efficiency when planning, acquiring, auditing, taking inventory and resolving fixed asset discrepancies. mAssetTag offers end-to-end mobile fixed asset management that seamlessly integrates with SAP, giving total visibility into lost or stolen assets, eliminating overpayments, and aligning business activities with real-time inventory levels.

### Problems Solved

- Paper-based fixed asset management
- Asset monitoring and tracking
- Ghost and missing/stolen assets
- Inaccurate ledgers and financial statements
- Tax and insurance premium overpayments
- Audit and regulatory compliance

### Features

- Eliminate error-prone paper count sheets and Excel spreadsheets
- Supports Android, iOS and Windows applications
- Runs on tablet devices, mobiles and desktops
- Utilizes native mobile device capabilities, such as GPS, camera and barcode readers
- Easy configuration and customization using no-code/low-code technology
- Intuitive, easy-to-follow workflows with touchscreens
- Works in Offline and Online modes
- Role-based mobile screens
- Integrates with industry-standard barcode/QR code scanners, OCR and printers
- Compatible with Bluetooth devices

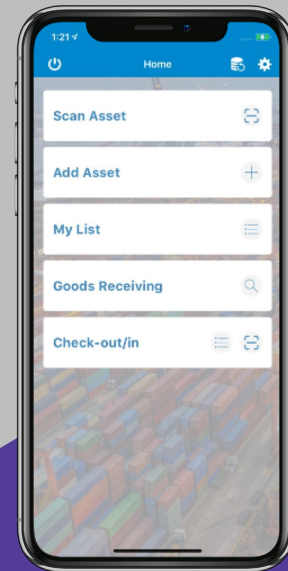

### Functionalities

- Scan barcodes or OCR to tag, add or retire assets
- Real-time asset monitoring
- Conduct multiple inventory inspections and reconciliations
- Auto identification and location capture using GPS
- Batch or lot management
- Automated asset check-in and check-out
- Receive and assign assets, and track transfers
- Update for ghost assets and not-found status
- KPI monitoring
- Send and receive push notifications
